

WXP65 WELLER SOLDERING IRON (65W) | T0052921199N

SKU: T0052921199

WELLER WXP 65 SOLDERING IRON

WXP 65 - Intelligent soldering iron 65 W / 24 Vac, equipped with **XNT A** chisel shaped tip (1.6 x 0.4 mm).
For small and medium components with average energy demand.
Weller product no.: **T0052921199N**.

Specifications

- Power: 65 W
- Supply voltage: 24 V
- Temperature range: **100 - 450 °C**
- Heating time (50 - 350 °C): approx. **7 seconds**
- **Power Response** heating technology with improved sensor position
- Cable length: 1.6 m
- For WX series control units
- Tip range: XNT
- Integrated direct extraction: FE attachment (T0052918699 / T0052921499, NOT included)
- Safety rest: WDH 10 (T0051512199, NOT included).
