

## ESD CONDUCTIVE HARD BLACK FOAM (1X1M, TH. 10MM)

SKU: 148788A

### CONDUCTIVE HARD FOAM 10MM

**ESD safe conductive hard foam** for the insertion of component leads, Black colour.

Dimensions: **1 x 1 m** – Thickness: **10 mm**.

Material: PU – Density: 65 Kg/m<sup>3</sup>.

Surface resistance: <math><10^5</math> Ohm.

**Available on request:** Customized dimensions (static-dissipative or conductive foam).
