

ANTISTATIC ESD FACE MASK FOR EPA AND CLEANROOMS

SKU: 640884A

ESD FACE MASK FOR ISO4-5 CLEANROOMS

Anti-static ESD safe mask, suitable for EPA areas and ISO4-5 cleanrooms.

Washable and reusable, it's made of a two-layer synthetic fabric with rubber holders.

Safety: this mask does not contain parts that could detach and reach the lungs (this can occur using cotton masks).

Specifications

- Fabric composition: 98% **Polyester**, 2% **Carbon fibre**
- Washable up to 60 °C - Do not dry in drying machine.

ATTENTION: This article is NOT A CERTIFIED MEDICAL DEVICE but an aid for preventing contamination.
