

## ESD MODULAR SHELVING SYSTEM

SKU: scaf\_filo

### ESD MODULAR SHELVING SYSTEM

**ESD conductive shelving system**, totally made of **chrome steel**.  
Resistant to rust, impacts and scratches.  
Easy height-regulation of the shelves, thanks to snap-in sleeves.  
Adjustable feet allow better stability, even in case of non perfectly-flat floorings.  
This shelving system can be turned into a movable one, adding conductive wheels.

**Available parts:** four different column-heights, ten different dimensions of the shelves, two different reelbox-shelves
