

ZEROSMOG TL KIT 1 FUME EXTRACTION UNIT | FT91015699N

SKU: FT91015699

WELLER ZS TL KIT 1 FUME ABSORBING UNIT

ZERO SMOG TL KIT 1 "Technology Line" - Soldering fumes extraction system, specifically designed for continuous operation in industrial environments.

The **portable** fume extraction unit can be placed under or next to the bench. With its small footprint, it is perfect for use as a small central system and purifies air **up to 2 workplaces**.

The maintenance-free brushless EC turbine provides continuous fume extraction.

It features low noise emission levels for a quiet workspace.

Easily operated and easy filter replacement, with automated **filter-change notification** system.

Weller product no.: **FT91015699N**.

Standard supply

- **Zero Smog TL unit** (FT91013699N)
- **Flexible extraction arm**, length **1 m**, suitable for sloped and funnel nozzles (0F10)
- **Easy-Click 60 extraction hose**, length **3 m**, Ø 60 mm (700-3051-ESD)
- **Easy Click 60 funnel nozzle**, 225 mm x 100 mm (ALFA) - [ATTENTION: For mounting on an aluminium extraction arm

without flexible hose, a Z adapter - NOT included - is needed]

- **On/Off remote switch**, length 2 m (FT91000033)
- **Filtration system**: F7 fine dust pre-filter, compact filter (H13 particle filter + Active carbon filter).

Specifications

- Power: 120 W
- Voltage: 230 Vac, 50 Hz
- Variable speed settings to control suction: Yes
- Noise level: < 53 db
- Max. turbin vacuum: 3.000 pa
- Capacity: **190 m³/h**
- Dimensions: 355 x 333 x 445h mm
- Weight: 9.0 kg.
