

CROSSED LINK ESD CONDUCTIVE HARD FOAM (1×1.78M, TH.2.5MM)

SKU: 640597B

HARD CONDUCTIVE FOAM, THICKNESS 2.5MM

ESD safe conductive hard foam made of crossed link PEHD, perfect for insertion of component leads. Customized dimensions are available on request (both static-dissipative or conductive foam).

Specifications

- Colour: **Black**
- Dimensions: **100 x 178 cm** – Thickness: **2.5 mm**
- Material: **High density polyethylene foam** (60 Kg/m³), additivated, cross link.
- Surface resistance: <math><10^6</math> Ohm.
