

L15 ISOPROPYL ALCOHOL (200ML)

SKU: 101384C

DUE-CI ELECTRONIC L-15 - ISOPROPYL ALCOHOL

L-15 Isopropyl alcohol is an effective and professional detergent for the all structures and plastic-housings of computers, printers, screens, plotter and photocopier drums and any other office machine.

It completely evaporates, leaving no residue: it's particularly suitable for cleaning glasses, lenses, optical fibers and instruments.

It **eliminates electrostatic charges** from audio and video heads, improving the efficiency of audio and video readers.

Can be used, with excellent result, for cleaning optical readers of CD and DVD, PC-boards, electromechanical tuners, delicate audio and VCR components, glassed reading surfaces of photocopiers and scanners.

Electric and electronic components can be washed with L-15, thanks to its good degreasing properties.
