

MANUAL DISPENSING GUN FOR SYRINGES (30/35/55CC)

SKU: 981259A

DISPENSING GUN FOR 30/35/55CC SYRINGES

Lightweight and portable **manual dispensing gun**, suitable for use with 30/35/55cc syringes.

It reduces hand fatigue and significantly improves the comfort of use over manual syringes, squeeze bottles or tubes.

Changing cartridges is very fast and easy.

Typical applications include RTV sealing, epoxy, potting, solder paste and flux, compounds, mastics, gels, adhesives, inks and greases.
