

## TL20 - SCISSORS FOR SMT TAPES (8-56MM, PITCH $\geq$ 2MM)

SKU: 071941A

### SMT SPLICE CUTTER

**TL20 - Scissors with positioning pins for SMT tapes**, suitable for 8÷56 mm strips with  $\geq$ 2 mm pitch. It ensures the correct cutting of the tapes, allowing a precise splicing.

The tool has **two different positions**:

- For strips with a pitch equal or greater than 4 mm
- For all strips with a pitch lower than 4 mm (0402 and 0201 particularly).
