

URETHAN 71 CONFORMAL COATING SPRAY (200ML)

SKU: 160123B

KONTAKT CHEMIE URETHAN 71 - 200ML

URETHAN 71 - Conformal coating for electro-engineering and electronics. This **top quality, single component, urethane-modified**, insulating and protective lacquer provides a longlasting seal for protecting against moisture and environmental influences.

Because it is a thermoset material, it is more difficult to solder through the URETHAN 71 film.

Compared to two-component coatings, it offers the advantage of providing a high quality protective lacquer and an easy, cost-effective application without additional chemicals.

Kontakt Chemie product no.: **75009**.

Specifications

- High dielectric strength
- High surface and volume resistivity
- Low dielectric constant and loss factor
- Resistant to moisture
- Unique combination of hardness, elasticity and strong adhesion
- Manufacturer: **Kontakt Chemie – CRC Industries Group**
- Packaging: **Spray can, 200 ml.**

PRODUCT IDENTIFIER IN THE SAFETY DATA SHEET:

URETHAN 71 - Aerosol

LABEL ELEMENTS:

Hazard labelling pursuant to EC Regulation 1272/2008 (CLP) and subsequent amendments and supplements.

Hazard pictograms:

Danger. Extremely flammable aerosol. Pressurised container: may burst if heated. Causes skin irritation. May cause drowsiness or dizziness. May cause damage to organs through prolonged or repeated exposure. Harmful to aquatic life with long lasting effects.

Precautionary statements: Keep out of reach of children - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking - Do not spray on an open flame or other ignition source - Do not pierce or burn, even after use - Do not breathe mist/vapours - Wear protective gloves /protective clothing / eye protection / face protection - Get medical advice/attention if you feel unwell - Protect from sunlight. Do not expose to temperatures exceeding 50 °C - Dispose of contents/container to a hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.

Contains: Hydrocarbons, C6-C7, n-alkanes, isoalkanes, cyclics, <5% n-hexane; Hydrocarbons, C9-C11, n-alkanes, isoalkanes, cyclics, < 2% aromatics; Hydrocarbons, C9-C12, n-alkanes, isoalkanes, cyclics, aromatics (2-25%).

Nominal quantity: 200 ml.
