

WT2020M WELLER REWORK STATION (2-CHANNEL, 150W) | T0053445399

SKU: T0053445399

WELLER WT 2020M MULTIFUNCTION STATION

WT 2020M - Two-channel control unit 150 W with tool set for soldering and desoldering applications.

Allows automatic stand by of tools (thanks to acceleration sensor integrated in the tools).

Weller product no.: **T0053445399**.

Scope of supply:

- **WT 2M** (T0053443399) - Digital power unit with 2 channels, 150 W, 230 / 23 V
- **WMRT SET** (T0051317399N) - **Micro desoldering tweezers 80 W** (2 x 40 W), Active-Tip technology
Equipped with **RTW 2 45°** tips (0.7 x 0.4 mm) and **WMRTH** Stop+Go safety rest
- **WTMT SET** (T0051321499) - **Micro soldering and desoldering tweezers 80 W 12 V**, equipped with **RTWMS 030 K** tips (2 x 40 W) and **WSR 211** safety rest.
- **WMP SET** (T0052919099N) - **Micro soldering iron (40 W)**, Active-Tip technology
Equipped with **RTM 013 S / RT 3** tip (Ø 1.3 x 0.4 mm) and **WDH 50** Stop+Go safety rest.

Specifications

- Channels: 2
- Power: **150 W**
- Voltage: 230 / 23 V
- Temperature stability: ± 2 °C
- Temperature accuracy: ± 9 °C
- Overcurrent release: T40/B
- Fuse: T 0,8A
- Dimensions (WxDxH): 149 x 138 x 101 mm
- Stackable - Housing cover useable as storage
- ESD safe: Yes.
