

WELLER WXSMART HEAVY DUTY SOLDERING SET (2 CHANNELS, 300W) | T0053455699

SKU: T0053455699

WELLER WXSMART HEAVY DUTY SOLDERING KIT

WXsmart Heavy Duty Set - Weller 2-channel soldering station 300W with soldering iron 150W and tool kit.

Thanks to its **Ultra Smart equipment**, it covers heavy-duty applications with large component sizes (**from 1612 and bigger**), in fast heat-up and recovery times (**7 seconds**). Ideal in the electronics, medical, automotive and aerospace industries.

Intelligent station and tools ensure full process control and traceability. **World-class connectivity**, an easy-to-use colour touch screen and cybersecurity complete the package.

Fully ESD safe. Compatible with all WX and WXS tools.

Easily extendable to a full rework station by connecting a WXair Rework Module (NOT included).

Weller product no.: **T0053455699**. UPC: 4003019448098.

Scope of supply:

- **WXsmart** (T0053451699) - **2-channel power unit for soldering applications**, 300 W, 230 Vac
- **WXUPS MS** (T0052923599) – **Soldering iron 150 W**, 24 V (without tip), Active-Tip, Thermal Core
- **RTUS 032 S MS** (T0050113299) – **RTUS Ultra soldering tip**, chisel (3.2 X 0.4 mm), MIL-SPEC
- **WSR 200** (T0051517499N) - **2-in-1 safety rest** with metallic wool and sponge

- **WCTH (T0053450299) - Cartridge-tip holder with 16 slots.**
